General Human Anatomy

Max. Marks : 50

Three Hours

Attempt all questions and give diagram wherever necessary.

PART - A

Describe the hypoglossal nerve under following headings :

- (a) Nucleus
- (b) Extracranial course
- (c) Branches
- (d) Applied.

Write in brief about :

- (a) Histology of spleen
- (b) Otic Ganglion
- (c) Thyrocervical trunk. ✓

Write short notes on :

- (a) Implantation
- (b) Down's Syndrome
- (c) Facial Vein. ✓

PART - B

Describe the parotid gland under following headings :

- (a) Relations of the parotid gland
- (b) Structures within the gland
- (c) Nerve supply of the parotid gland.

Write short notes on :

- (a) Styloid process ✓
- (b) Lymphatic drainage of tongue ✓
- (c) Dangerous area of face ✓
- (d) Contents of posterior triangle. ✓

Notes on :

- (a) Branches of mandibular nerve
- (b) Branches of Glossopharyngeal nerve
- (c) Structure passing through foramen magnum ✓
- (d) Structure passing through foramen ovale. ✓

General Human Anatomy

Time : Three hours

Max. Marks : 25+25=50

Instructions : Attempt all questions and give diagram wherever necessary.

(PART-A)

Describe the Temporomandibular Joint with their applied.

Write short note with diagrams-

(a) T.S. of Midbrain at the level of lower part.

(b) T.S. of neck at the level of C₇ vertebra.

Enumerates following-

(a) Enumerates the BR. of Mandibular Nerve.

(b) Enumerate the BR. of External Carotid Artery

(c) Enumerate the name of venous sinuses.

(d) Enumerate the openings in the lateral wall of nose.

(PART-B)

Describe the Thyroid Gland under following-

(a) Development.

(b) Relations

(c) Arterial Supply

Write short notes on-

(i) Carotid Triangle

(ii) Cavernous Sinus

Write notes on-

Branches of Subclavian Artery

Medial wall of Middle Ear

Structures passing through jugular foramen

Decidua
