कभी ना रुकती कभी ना थकती

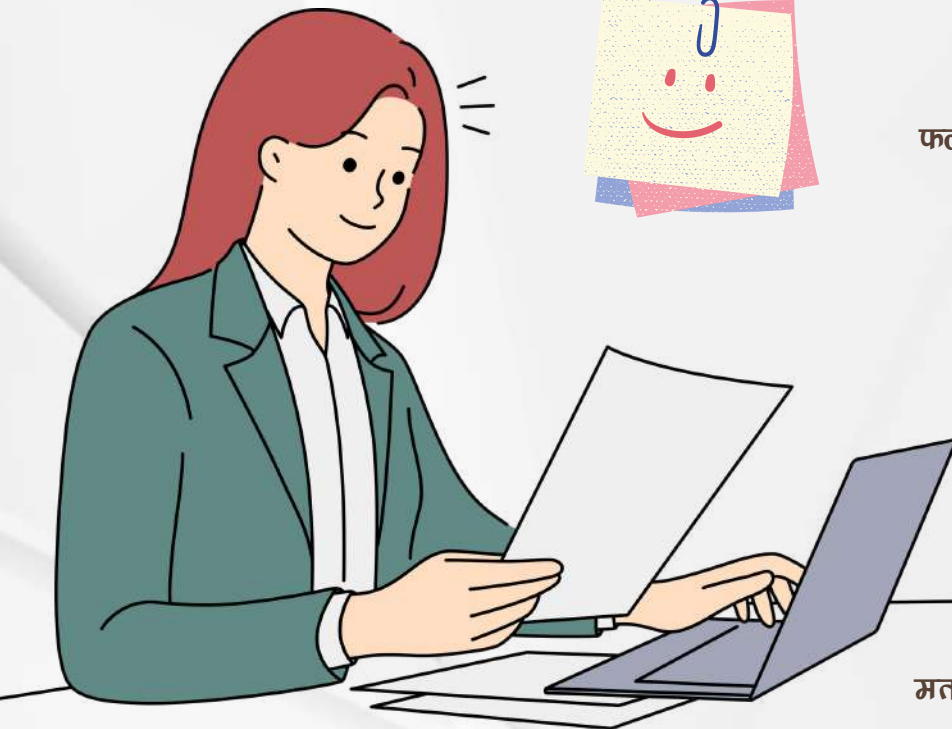

जीवन एक झर झर बहते झरने की रंगोली सी
धूप छांव की अद्भुत पहेली सी पप ।
सुबह की किरणों से जागती, अनागिनत सपने सजाती
पल भर न थकती न रुकती, कल कल पुलकित झरने सी बहती ।
हरपल समंदर सा अहसास, एक आस में विश्वास सी
ना थकती - ना रुकती, पल दृपल, कल - कल झरने सी बहती
जीवन एक उम्मीद, उमंगों रंगों में सराबोर
कभी ना रुकती कभी ना थकती ।

काम कर, कुछ काम कर
जग में आया है तो ,कुछ नाम कर
जो बैठ गये हैं,हार कर
कह उन्हें ललकार कर
फल की चिन्ता छोड़कर बस कर्म में विश्वास कर
काम कर कुछ काम कर,
जग में आया है तो कुछ नाम कर
बढ़ चल नये मुकाम की ओर,
फिसल जाने के भय से ना डर॥
भाग्य को तू अपने, खुद सृजन कर।
एक क्षण में ना जाया कर॥
समय की लगाम को ,अपने हाथ घर।
काम कर कुछ काम कर,
जग में आया है तो नाम कर॥
मिली है सबको निश्चित स्वासो की डगर,
मत ना हो निराश नर, ना मन को निराश कर।
बिना रुके, बिना थके, निरन्तर प्रयास कर॥
काम कर कुछ काम कर जग में है तो नाम कर
तेरे अन्दर ही तो सब समाया है। पगले,
बाहर ढूँढ कर समय जाया ना कर॥
हर शए पर तेरा नाम होगा हर शए पर तेरा नाम होगा
रीवा कहे, एक बार मन से तू प्रयास तो कर

GOLDEN PERIOD OF MY LIFE AT COVID

In darkness deep, a journey unfurls,
A tale of strength in the face of the world,
Covid's era, a crucible of strife,
Yet within it, the essence of a golden life.

In the time of COVID's weary reign,
I found solace, free from strain,
With family close, our hearts entwined,
A cherished memory in my mind.

No work tension, just joy and cheer,
Each day a festival, no fear,
Together we laughed, and together we cried,
In each other's arms, our love did reside.

Eight years of marriage, a journey so long,
But never before had we grown so strong,
Separated by miles, by dreams we were torn,
Yet, through it all, our love was reborn.

Agartala's miles and Kahalgaon's embrace,
Our love bridged the vast empty space,
In that distance, we saw the light,
The importance of family, shining so bright.

Heaven seemed distant, yet closer than near,
With you, my dear, I had nothing to fear,
You learned to ride, a scooter so bold,
Even though accidents left you in a cast of cold.

But we persevered, your spirit so grand,
In eighteen days, you took a stand,
You shed the plaster, you embraced the pain,
With Satwik food, you cleansed your terrain.

Weight was lost, but strength did grow,
Through trials and tribulations, we'd glow,
Our daughters, a source of love and grace,
Guiding us through this challenging space.

Corona cast its shadow, a world in despair,
But for us, it was a time so rare,
A time to bond, to heal, to reflect,
In the face of adversity, our love was perfect.

We thank the heavens, we thank the skies,
For this precious time, a cherished prize,
To my loving wife, so careful and true,
And my blessed daughters, I thank you too.

For in the midst of chaos, we found our way,
Closer than ever, come what may,
In the COVID times, a silver lining we see,
A golden moment spent with family, so free.

Alumni Guest Lecture

"Clinical Research in International Institutions: Best Practices and Insights" followed by interactive session with BDS Final Year and Interns

Dr. Akanksha Gupta (Alumnus, Subharti Dental College and Hospital) who is working as a Clinical Research Supervisor and Protocol Project Manager, University of California, San Francisco, delivered a Guest lecture on the topic of "Clinical Research in International Institutions: Best Practices and Insights" on 25th October 2023 to all faculty and postgraduates of Subharti Dental College and Hospital.

She did her BDS, MDS-Oral Medicine and Radiology from Subharti Dental College and Hospital, SVSU. She later pursued her MHA (**California State University, Long Beach, USA**). She enlightened our budding post graduates and clinical practitioners on the importance of conducting research and its scope as career in various International Institutions. It was an insightful session in which everyone participated wholeheartedly.

She was felicitated by our dynamic Principal Dr. Nikhil Srivastava Sir and Professor and Head, Dr. Nagaraju K. This session was followed by an interactive session with BDS Final Year and Interns. Students' response was overwhelming and they asked her questions regarding scope of clinical research and career options in this field abroad. Such activities increase students and alumni bond and is one of the most important objectives of SVSU Alumni Trust.

Guest lecture on 'Media in the era of Artificial Intelligence (AI)'

Press Release

National Press Day Was Celebrated in Subharti University (Varsha Raj, Meerut: 16-11-2023)

On the occasion of National Press Day, a lecture on the topic 'Media in the era of Artificial Intelligence (AI)' was organized in the Ganesh Shankar Vidyarthi Subharti Department of Journalism and Mass Communication, Swami Vivekanand Subharti University. During this, senior journalist Pramod Kumar shared his views with the students in a meeting in online mode and answered their questions appropriately.

He said that the use of artificial intelligence will help in empowering the media and accurate and solid information will reach the readers. While sharing his journalism experiences with the students, Pramod Kumar said that it is important to have factual information in the media, only then the credibility of journalists and journalism can be built.

In his address, Pramod Kumar said that amidst the increasing trend of AI, young and senior journalists should learn new technologies and also improve the art of writing. Today, AI is undoubtedly spreading its wings rapidly, but it is not for the long haul, along with this, attention should also be paid to developing one's skills.

F] 30-57/2012 (CVO) dated 20.9.2023 on 31st October 2023. The Objective of the lecture was to spread awareness and transparency in Governance and Public Administration and to contribute in the campaign on the theme, “Say No to Corruption; Commit to the Nation” in the Vigilance Awareness Week which is being observed from 30th October to 5th November 2023. The program was initiated by the welcome address by the respected Dean sir Dr. Sudhir Tyagi, Faculty of Arts and Social Sciences. He informed the students that the Central Vigilance Commission adopts several strategies in effective implementation of its mandate to fight corruption and the Central Vigilance Commission observes Vigilance awareness Week every year in the week in which the birthday of Sardar Vallabh Bhai Patel falls. This year we should take a determination to say no to all kinds of corruption to make India a corruption free and great nation.

The lecture was followed by the speaker of the day, Dr. Manoj Kumar Tripathi, the Head Department of Liberal Arts and Humanities. He enlightened the students with absolute information about the central Vigilance commission, its structure and functioning and Role. He started the lecture with the basic information that Central Vigilance Commission (CVC) is an apex Indian governmental body which was created in 1964 to address governmental corruption. It was set up by the Government of India Resolution on 11 February 1964, on the recommendations of the Committee on Prevention of Corruption, headed by K. Santhanam, to advise and guide Central Government agencies in the field of vigilance. He further informed that C.V.C. is the active institute which works day and night. He informed the students that this commission also has a toll free number, on which immediate action is taken on complaints.

The lecture was concluded by Dr. Manoj kumar Tripathi that We endeavor to promote integrity and eradicate corruption with the active support and participation of all the citizens, including our students and faculty members. Dr. Amrita Chaudhary informed that The Central Vigilance Commission is the apex vigilance institution which is independent from the control of any executive authority and supervises all vigilance activities under the Central Government and also coordinates various authorities in Central Government organizations in planning, executing, Provides advice regarding review and improvement.

Dr. Rafat Khanam said that this ‘Central Vigilance Week’ is one of the participatory anti-corruption vigilance initiatives and we should try to achieve the objective of this week by being more sensitive towards ethics and transparency in governance and public administration.

Dr. Durvesh said that we, as a citizen of India, should work for building India a developed nation and should be determined to deny to the corruption. The program was coordinated by Dr. Amrita Chaudhary, Co-cordinator Dr. Durvesh Pundir and and Dr. Poonam.
